<b>Description of Measure</b>	: Malaysia reserves the right to adopt or maintain any measures relating to privatisation, divestment of assets through transfer or disposal of equity interests or assets owned wholly or partially by the Government.

All privatised projects are subjected to Malaysia's social and economic development policies and the Privatisation Master Plan with regards to foreign participation. In general, foreign participation is restricted to 25% of total equity. However, considerations can be given up to 49% on a case by case basis. Foreign participation may be considered in the following cases:

- where foreign expertise is needed to upgrade efficiency and such expertise is not available locally;
- where their participation is necessary to promote export market;
- where local capital is insufficient; and
- where the nature of business requires international linkages and exposure.

All conditions imposed on existing privatised entities will continue to be applicable.
