Ms. Ajarin Pattanapanchai,
Deputy Secretary General
Thailand Board of Investment
## Content

1. **Investment Incentives**

2. Specific Investment Promotion Policy

3. BOI Services
BOI’s Liberal Investment Regime & Attractive Investment Incentives

**Policy**
- 100% foreign ownership
- No local content requirements
- No export requirements
- No restriction on foreign currency

**Tax Incentives**
- Import duty exemptions/reductions
- Corporate income tax exemption for up to 8 years
- 50% reduction of corporate income tax for up to 5 years
- Double deduction on utility costs
- Deductions for qualifying infrastructure costs

**Facilitation**
- Land ownership rights
- Work permit & visa facilitation
# 7-Year Investment Promotion Strategy (2015-2021)

## To restructure the Thai economy for sustainable development

### 6 Major Points of Investment Promotion Policy

| 1 | Promote investment that helps enhance national competitiveness by encouraging R&D, innovation, value creation in the agricultural, industrial and services sectors, SMEs, fair competition and inclusive growth |
| 2 | Promote activities that are environment-friendly, save energy or use alternative energy to drive balanced and sustainable growth |
| 3 | Promote clusters to create investment concentration in accordance with regional potential and strengthen value chains |
| 4 | Promote investment in border provinces in Southern Thailand to help develop the local economy, which will support efforts to enhance security in the area |
| 5 | Promote special economic zones, especially in border areas, both inside and outside industrial estates, to create economic connectivity with neighboring countries and to prepare for entry into the ASEAN Economic Community (AEC) |
| 6 | Promote Thai overseas investment to enhance the competitiveness of Thai businesses and Thailand’s role in the global economy |
Main Thrusts of Current Tax Incentive Policies

1. Competitiveness Enhancement
   • Higher technologies
   • Human resource development
   • R&D activities
   • Design activities
   • Commercialization of local R&D results

2. Specific area development
   • Border special economic zones
   • Disadvantaged areas

3. Cluster development
Merit-based Incentives

Grant additional incentives to encourage more investment/expenditures that benefit the country or overall industry.

Activity-based Incentives:

1. Competitiveness Enhancement
2. Decentralization
3. Industrial Area Development

How Investment Incentives are Granted
### Activity-based Incentives

A1: Knowledge-based activities, focusing on R&D and design to enhance the country’s competitiveness

A2: Activities in infrastructure for the country’s development, activities using advanced technology to create value added, with none or very few existing investments in Thailand

A3: High technology activities which are important to the country’s development, with a few investments already existing in Thailand

A4: Activities with lower technology than A1-A3 but add value to domestic resources and strengthen supply chain

B1-B2: Supporting industries that do not use high technology but are still important to value chain

</tbody>
</table>
Merit-based Incentives (2/2)

‘Merit on Decentralization’

The 20 Poorest Provinces

1. Kalasin  
2. Chaiyaphum  
3. Nakhon Phanom  
4. Nan  
5. Bueng Kan  
6. Buri Ram  
7. Phrae  
8. Maha Sarakham  
9. Mukdahan  
10. Mae Hong Son  
11. Yasothon  
12. Roi Et  
13. Si Sa Ket  
14. Sakhon Nakhon  
15. Sa Kaew  
16. Sukhothai  
17. Surin  
18. Nong Bua Lamphu  
19. Ubon Ratchatani  
20. Amnatcharoen

‘Merit on Industrial Area Development’

- Projects located in industrial estates or promoted industrial zones are granted 1 additional year of corporate income tax exemption.
- There are over 60 industrial estates/parks in Thailand.
1. Development of Competitiveness in Agricultural, Industrial and Service sectors

- Value-added not less than 20% of revenues  **except for projects in agriculture and agricultural products, electronic products and parts and coil centers which must have value added of at least 10% of revenues**
- Modern production process must be used
- Projects that have investment capital of 10 million baht or more (excluding cost of land and working capital) must obtain **ISO 9000 or ISO 14000 certification or similar international standard certification within 2 years** from the full operation startup date, otherwise corporate income tax exemption shall be reduced by one year
- For **concession project and the privatization of state enterprise project**, the criteria shall be based on Cabinet’s decisions in 1998 and 2004
## Criteria for Project Approval (2/4)

### • Criteria for Granting Approval for Imported Used Machinery

<table>
<thead>
<tr>
<th>Types of Machinery</th>
<th>Allowed to be used in the project</th>
<th>Counted as investment capital for calculation of CIT exemption cap</th>
<th>Import Duty Exemption</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1</strong> New Machinery</td>
<td>All</td>
<td>✓</td>

</tr>
<tr>
<td><strong>4</strong> Used machines exceeding 10 years</td>
<td>Factory Relocation Project only</td>
<td></td>
<td>X</td>
</tr>
<tr>
<td><strong>5</strong> Sea and Air Transport Activities and Mold and Dies (approved as deemed appropriate)</td>
<td>Appropriate</td>
<td>✓</td>
<td>✓</td>
</tr>
</tbody>
</table>

**Remarks:** Used Machinery have to have Machinery Performance Certificate refer to the a certificate issued by a trusted institute that grants a Machinery Performance Certificate and safety standards check and an energy consumption report must be compiled in accordance with the acceptable criteria.
2. Environmental Protection

- Adequate and efficient guidelines and measures to protect environmental quality and to reduce environmental impact must be installed. The Board will give special consideration to the location and pollution treatment of a project with potential environmental impact.

- Projects or activities with type and size that are required to submit environmental impact assessment reports must comply with related environmental laws and regulations or Cabinet resolution.

- Projects located in Rayong must comply with the Office of the Board of Investment Announcement No. Por 1/2554.
3. Minimum Capital Investment and Project Feasibility

- The minimum capital investment requirement of each project is **1 million baht** (excluding cost of land and working capital). As for knowledge-based services i.e. creative product design and development center, electronic design, software, R&D and engineering design, the minimum capital investment requirement is based on the minimum salaries expense of personnel in the specified field of at least **1.5 million baht/year** according to conditions of each activity.

- For newly established projects, the debt-to-equity ratio must not exceed **3 to 1**. Expansion projects shall be considered on a case-by-case basis.

- Projects with investment value of over **750 million baht**, (excluding cost of land and working capital) must submit the project’s feasibility study.

(10 provinces; 23 districts; 90 sub-districts)
Incentives

- In case general activities are eligible for investment promotion (activities according to announcement No.2/2557),
  - Projects shall receive the following incentives:
    - 3 additional years of corporate income tax exemption
    - In cases where projects are already granted an 8-year CIT exemption, an additional 5-year 50% CIT reduction shall be granted instead
    - Double deductions from the costs of transportation, electricity and water supply for 10 years
    - Additional 25% deduction of the cost of installation or construction of facilities
    - Exemption of import duty on machinery
    - Exemption of import duty on raw materials used for export production
    - Other non-tax incentives
  - Permission to use foreign unskilled workers
Incentives

- In cases of 62 target activities for special economic zones specified by the policy committee on special economic zone development,
  - Projects shall receive the following incentives:
    - 8-year corporate income tax exemption and additional 5-year 50% reduction of corporate income tax
    - Double deductions from the costs of transportation, electricity and water supply for 10 years
    - Additional 25% deduction of the cost of installation or construction of facilities
    - Exemption of import duty on machinery
    - Exemption of import duty on raw materials used for export production
    - Other non-tax incentives
  - Permission to use foreign unskilled workers

**Applications must be submitted between January 1, 2015 and December 31, 2017**

Measure for Improvement of Production Efficiency

Consists of 3 sub-measures:

1) Machinery upgrade to promote energy conservation, alternative energy utilization or reduction of environmental impact.

2) Machinery upgrade to improve production efficiency e.g. utilizing machinery automation in existing production lines.

3) Investment in R&D and advanced engineering design for efficiency improvement (Investment must not be less than 1 percent of the total revenue for the first 3 years or 0.5 percent for SMEs)
**Conditions**

- Existing projects, whether BOI or non-BOI promoted. In the case of non-BOI promoted projects the activity must be eligible for investment promotion by the Board of Investment.
- BOI promoted projects can also apply for this measure when the corporate income tax exemption or reduction period expires, or in case the respective project(s) does not receive a corporate income tax exemption.
- The minimum capital investment must not be less than 1 million Baht (excluding cost of land and working capital) except SMEs; the minimum capital investment must not be less than 5 million Baht (excluding cost of land and working capital).
- Project must complete implementation within three years from the date the promotion certificate is issued.

**Incentives**

- Exemption of import duty for machinery
- 3-year corporate income tax exemption on the revenue of an existing project, accounting for 50 percent of the investment under this measure (excluding cost of land and working capital)
- Corporate income tax exemption period shall start from the date of revenue derivation after promotion certificate is issued.
Investment Acceleration Measures
Eligibility Criteria

(1) Applications submitted during Jan 1, 2014 to June 30, 2016
(2) Revenue generated by end of 2017.
(3) Applicable to BOI categories entitled to CIT exemption
### Investment Acceleration Measures

*Note: Every case shall be granted CIT exemption not over 8 years in total*
### Summary of investment promotion measures

#### 1. Activity-based Incentives

- **A1**
- **A2**
- **A3**
- **A4**

#### 2. Additional Incentives

|----------------|----------------------------------------------------------------------------------------------------------------------------------|
| 2. Area-based  | 1. Promoted Industrial Estates/Zones  
2. Science and Technology Parks  
3. 20 Provinces with lowest per capita income  
4. 10 Special Economic Development Zones  
5. Clusters (Super cluster and other targeted clusters)  
6. 4 Southern border provinces + 4 districts in Songkhla |
| 3. SMEs        | Relaxation of criteria / additional incentives for 38 activities, in which Thai SMEs have high potential. |

#### 3. Measures to Promote Productivity

- Investment in machinery replacement for energy conservation, use of renewable energy, reduction of environmental impacts
- Investment in machinery replacement for improvement of production efficiency i.e. automation
- Investment in R&D activities or Engineering Designs.
New Cluster Development Policy
Existing and New S-Curve Industries – New Engines of Growth

Add 5 New Industries

Develop from

Upgrade 5 Existing Industries

- Robot for industry
- Comprehensive Medical industry
- Aviation industry
- Bio energy and chemical
- Digital

- Automobile for the future
- Smart Electronics
- High-income tourism and healthcare tourism
- Agricultural and Bio technology
- Processed Food industry
Investment Promotion policy : Super Cluster

Super Cluster

- Automotive and Parts Cluster
- Electrical Appliances, Electronic and Telecommunication Cluster
- Digital Cluster
- Eco-Friendly Chemical and Plastics cluster
- Food Innopolis
- Aviation & Aerospace Cluster
- Automations and Robotics Cluster
- Medical Hub
### Investment Incentives for Superclusters

| Tax | 8-year corporate income tax exemption and an additional 5-year reduction of 50%  
|     | For future-driven industries with significant importance, the Ministry of Finance will consider granting 10-15 years corporate income tax exemption  
|     | Import duty exemption on machinery  
|     | Personal income tax exemption for renowned specialists who work in the specified areas, both Thais and foreigners |
| Financial | Competitiveness fund (10 Billion baht or 5 Billion Rubles) |
| Non Tax | Consideration of granting Permanent Residence to leading specialists  
|         | Permission for foreigners to own land to implement promoted businesses |
Obligatory Conditions to Receive Cluster Incentives

1. Must cooperate with academic institutions / research institutions / the Center of Excellence in the cluster area to develop human resources and improve the level of technology e.g.
   - Cooperate with the Talent Mobility / Work-integrated Learning / Co-operative Education / Dual systems
   - Cooperate to develop human resources or technology as approved by the Board of Investment

2. Must apply for investment promotion within 2016 and commence operations within 2017 to accelerate investment. However, under certain conditions and necessities, i.e. large-scale projects, the BOI will give due consideration as deemed appropriate.
Automotive and Parts Super Cluster

7 Provinces: Ayuddhaya, Patumthani, Chon Buri, Rayong, Chacheongsao, Prachinburi, Nakorn Ratchasrima

Target Activities

Manufacture of Motorcycle with engine size > 248 CC. (only for projects with forming of engine parts)

Manufacture of Automobile Engines

Manufacture of Important Parts that are not locally produced or are few i.e.
- Parts using advance technology
- Safety and Energy Efficient System
- Equipment for Hybrid, EV, PHEV cars
- Fuel injection parts/ Transmission/ Engine System

Manufacture of Automobile Tires
Electrical Appliances, Electronic and Telecommunication Super Cluster

7 Provinces: Ayudhaya, Patumthani, Chon Buri, Rayong, Chachoengsao, Prachinburi, Nakorn Ratchasrima

Target Activities

Electronic Design
e.g. Microelectronics Design และ Embedded System Design

Electronic products and parts using advance technology
e.g. telecommunication equipment, electronic parts for medical devices / automotive / industrial works, Hard Disk Drive, Solid State Drive

Advanced Technology Electrical Appliances e.g. Internet of Things
Eco-friendly Petrochemical and Chemical Products Super Cluster

2 provinces: Chon Buri and Rayong

Target Activities

- Petrochemical or Specialty Chemical Products
- Plastic or Bio-chemical products
- Bio-plastic products
- Manufacture of paper container coated with bio-plastic
Digital Industry Super Cluster

2 provinces: Chiang Mai and Phuket

Target Activities

- **Software** (Embedded Software, Enterprise Software, Digital Content)
- Cloud Service
- Data Center
- Software Park
- Movie Town
- Thai Motion Picture Production and Motion Picture Supporting Services
Target Activities

**14 Provinces**: Bangkok, Samut Prakan, Nakhon Pathom, Pathum Thani, Chachoengsao, Chonburi, Rayong, Chiang Rai, Phitsanulok, Nakhon Sawan, Lopburi, Nakhon Ratchasima, Surat Thani, Songkhla

**Manufacture or MRO**
- Airframe, Airframe parts
- Critical parts e.g. Engine and parts, Propeller
- Appliance e.g. Flight recorder, Radar
- Telecommunication/Electronic products
- Electronic Design
- Embedded Software, High Value – Added Software

**Manufacture of space devices**
- Parts or equipment of Rocket, Space craft, Space vehicle, Propulsion unit part and Auxiliary equipment
- Search, Detection, Navigation, Guidance, Aeronautical, Nautical system and instrument

**Training Center for pilot and technician**
# Automation & Robotics Cluster

## Target Activities

### Manufacture or Assembly of Robots & Automation equipment and parts
- Machinery/Equipment with engineering design
- Machinery, Equipment & parts / Repair of Mould
- Assembling of Automation Machinery/Equipment, Robots & parts*

### Service and Public Utilities
- Research & Development
- Engineering Design
- Scientific Laboratories
- Calibration Services
- Vocational Training Centers
- Innovation Incubation Centers*

### Software Development and Systems Integration
- Systems Integration Design
- Electronic Design
- Installing automated or robotic systems
- Embedded Software, Big Data Analytics
- SW, Controlling and Commanding SW, Business Process management, IoT,

---
