Note: 1) Swiss investment projects refer to projects with Swiss capital of at least 10%.

2) Registered capital figures shown in the table refer to "increased registered capital amount" (not register capital of the whole company) for projects applying for BOI investment promotion which can be either new or expansion projects. In many cases, firms do not put in new capitals for their expansion projects.

3) New policy launched in August 2000 effects previous figures related to sector(activity code).
