VISION & STRATEGY

VISION

GOAL

Establish a new s-curve digital industry to enhance Thailand competitive advantage through **Digital Transformation**.

National Policy
for Digital
Economy and
Society
Development

**Digital
Infrastructure**

**Digital
Government**

**Digital
Manpower**

**New S-Curve
Digital
Industry**

**Digital
Technology
& Innovation**

Thailand's Digital Economy Infrastructure Development

**Enhance basic
telecommunications and
drive the economy and
digital society.**

National Broadband Internet

**Enhance high-speed internet
systems to help develop the
domestic economy**

ASEAN Digital Hub

**Enhance international
connectivity with Thailand as
a hub for the region**

Village Broadband Internet Project

To strengthen national broadband infrastructure and provide affordable high-speed internet access across Thailand

Building an inclusive and sustainable connected society

Area: remote, non-commercial potential, and no high-speed internet service area

Expanding high-speed internet network in 74,987 villages by 2020

Education

Local workforce development

Course development

Health

Medical equity

Impact

Society

Jobs opportunities

Reduce skilled labor migration

Happy family

Economy

Increase income

THAILAND International Submarine Cable System

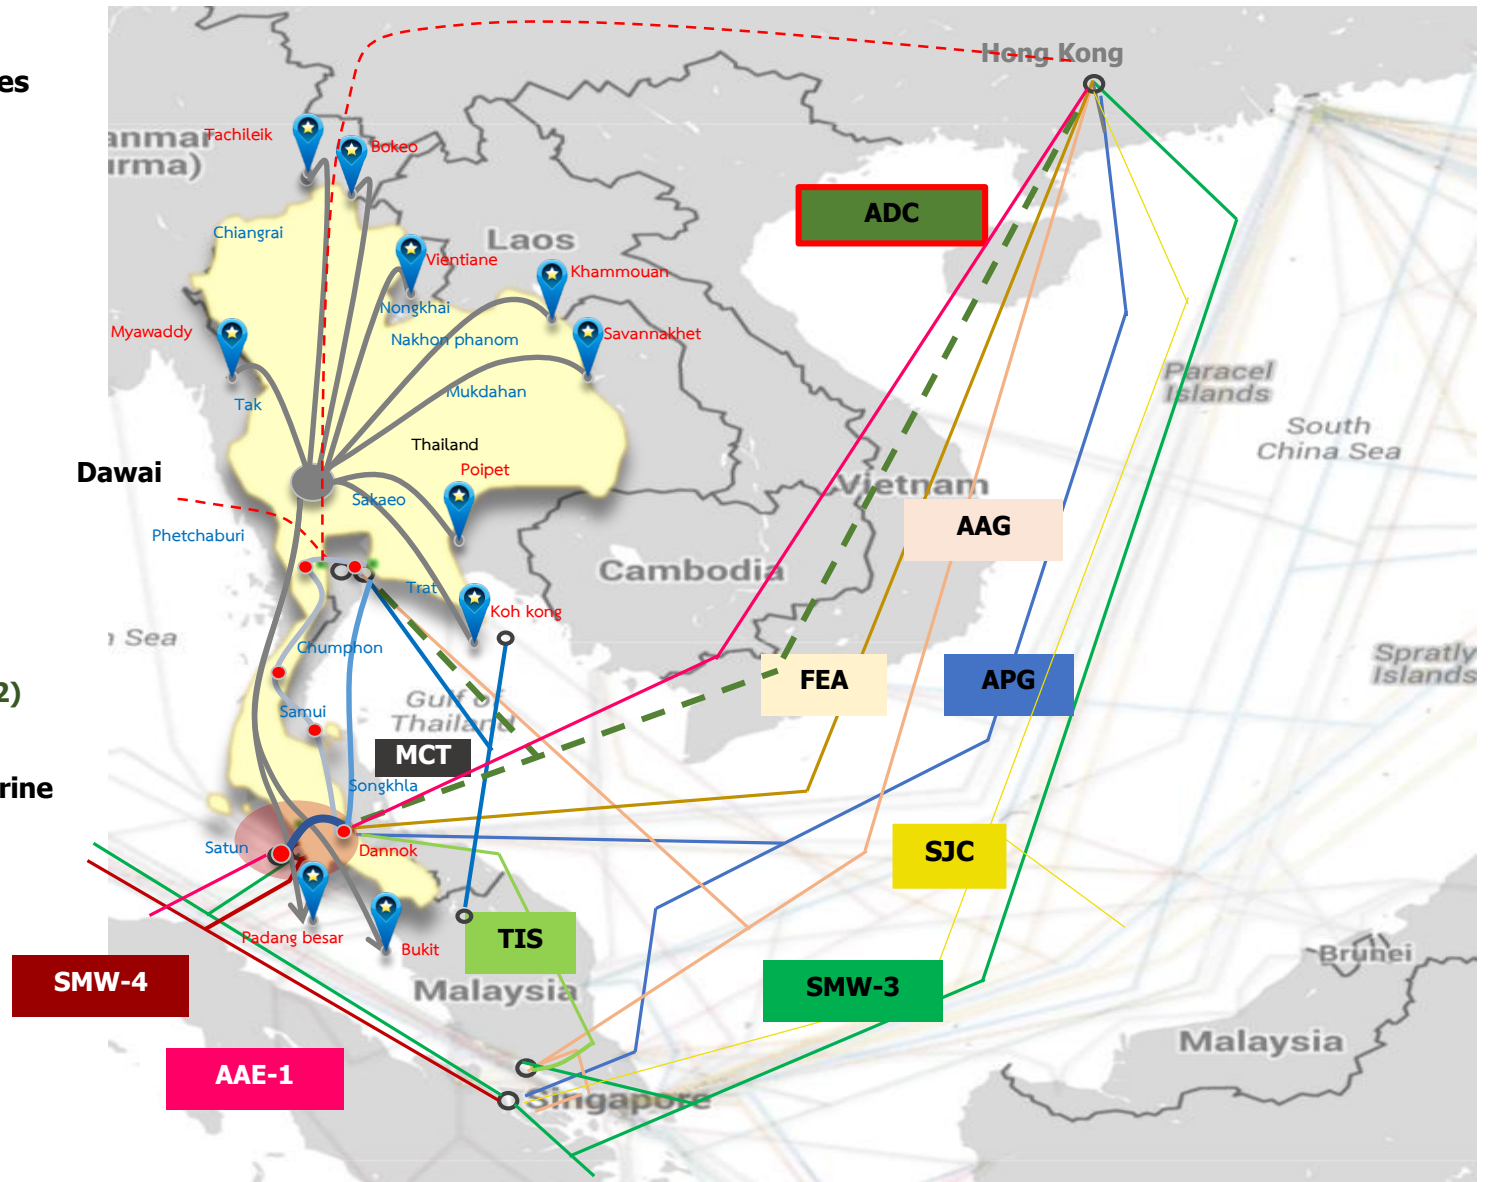

Existing Submarines

- 1 FEA
- 2 SeaMeWe-3
- 3 TIS
- 4 SeaMeWe-4
- 5 AAG
- 6 SJC^{1/}
- 7 APG
- 8 AAE-1
- 9 ADC (by 2022)

Private Sector's Submarine

- 1 MCT

Thailand internet growth rate
last 5 year 57%

5G Testbed in EEC

Use Cases

Smart City

- Face Recognition, Smart Bus, Drone, Intelligent CCTV

Entertainment

- Streaming 4K
- Multi-UHD Video Live, 360 Wireless VR

Smart Mobility

- Unmanned Aerial Vehicle = uav

Industry 4.0

- 6-Axis Articulated, Industrial Robot
- Motion Controller, Servo Motor
- Machine Monitoring System (MMS)

5G Testbed and development for various apps

Infrastructure

Soft Infrastructure

- Testbed License

Hard Infrastructure

- Smart Pole, WiFi6
- 5G Infrastructure Preparation & Set Up

5G Sandbox License

5G Auction

Manpower

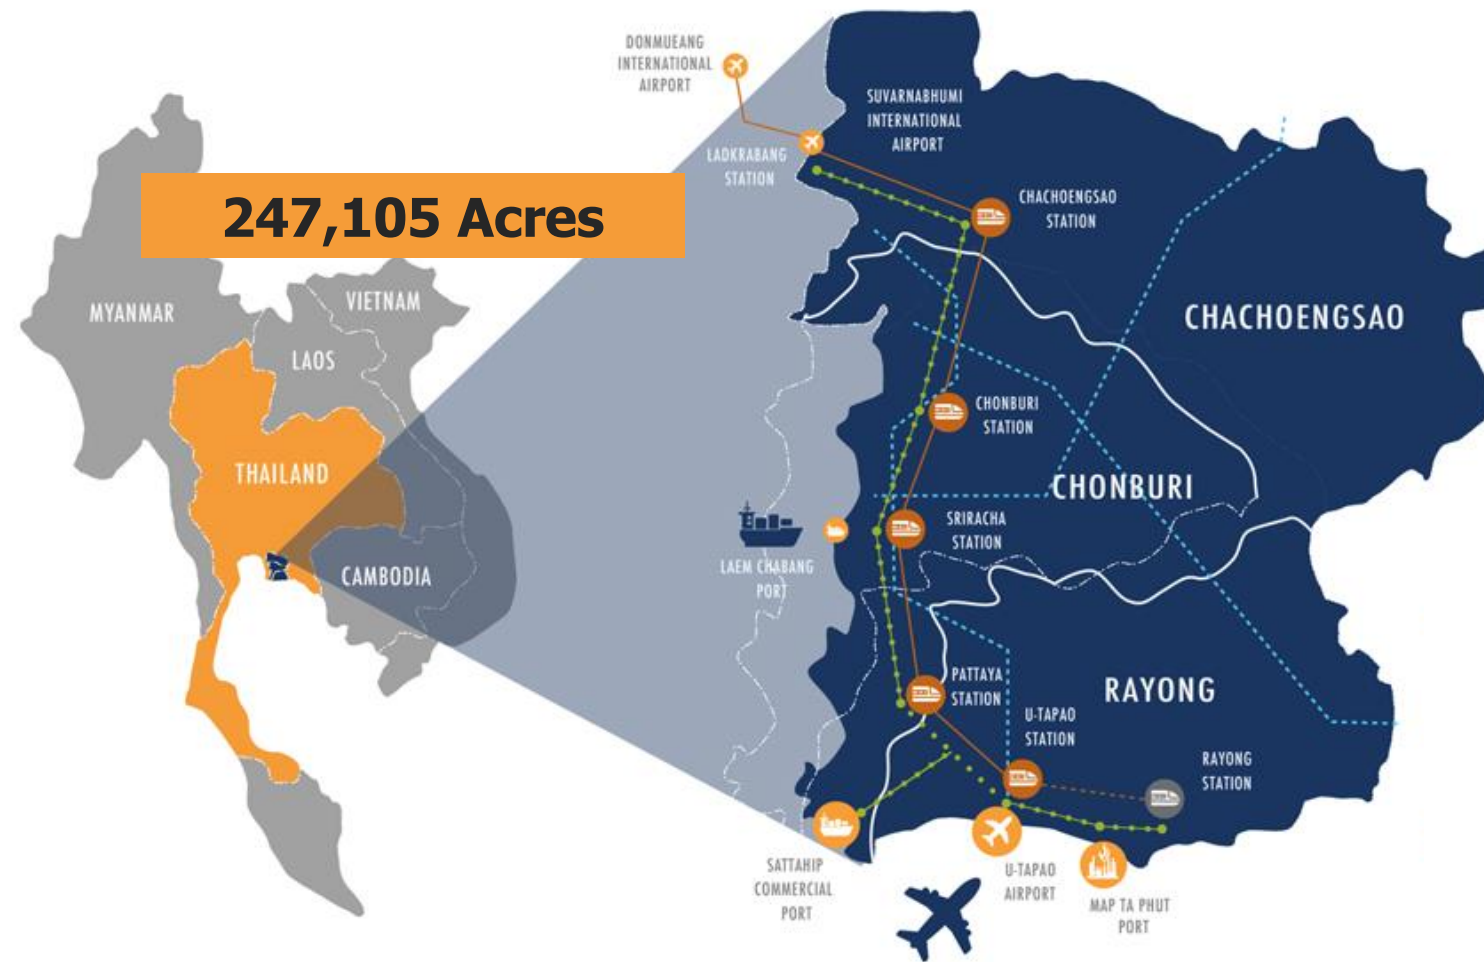

- 5G On Boarding for Business Leader (80 persons)
- 5G Testbed for Next Generation Technology (60 persons)

- Develop digital specialist (AI, IoT) by IoT Institute

Digital Laws

- ❖ **Computer Crime Act (No. 2) B.E. 2560**
- ❖ **Broadcasting and Telecommunications Services Act (No. 3) B.E. 2562**
- ❖ **Electronic Transactions Act (No. 3) B.E. 2562**
- ❖ **Personal Data Protection Act B.E. 2562**
- ❖ **Cyber Security Act B.E. 2562**

Key Infrastructure Projects: **Eastern Economic Corridor (EEC)**

**Center for automotive
and auto parts**

Transforming to **EV development**

- **Tier 3+, 4 Data Center :**
Supernap , NTT, PPT
- **Hub of Telecom and Smart Devices**

**Location of automation
and robotics suppliers in ASEAN**

Hub of aviation and MRO service

Executive Summary

Digital Park Thailand (“EECd”)

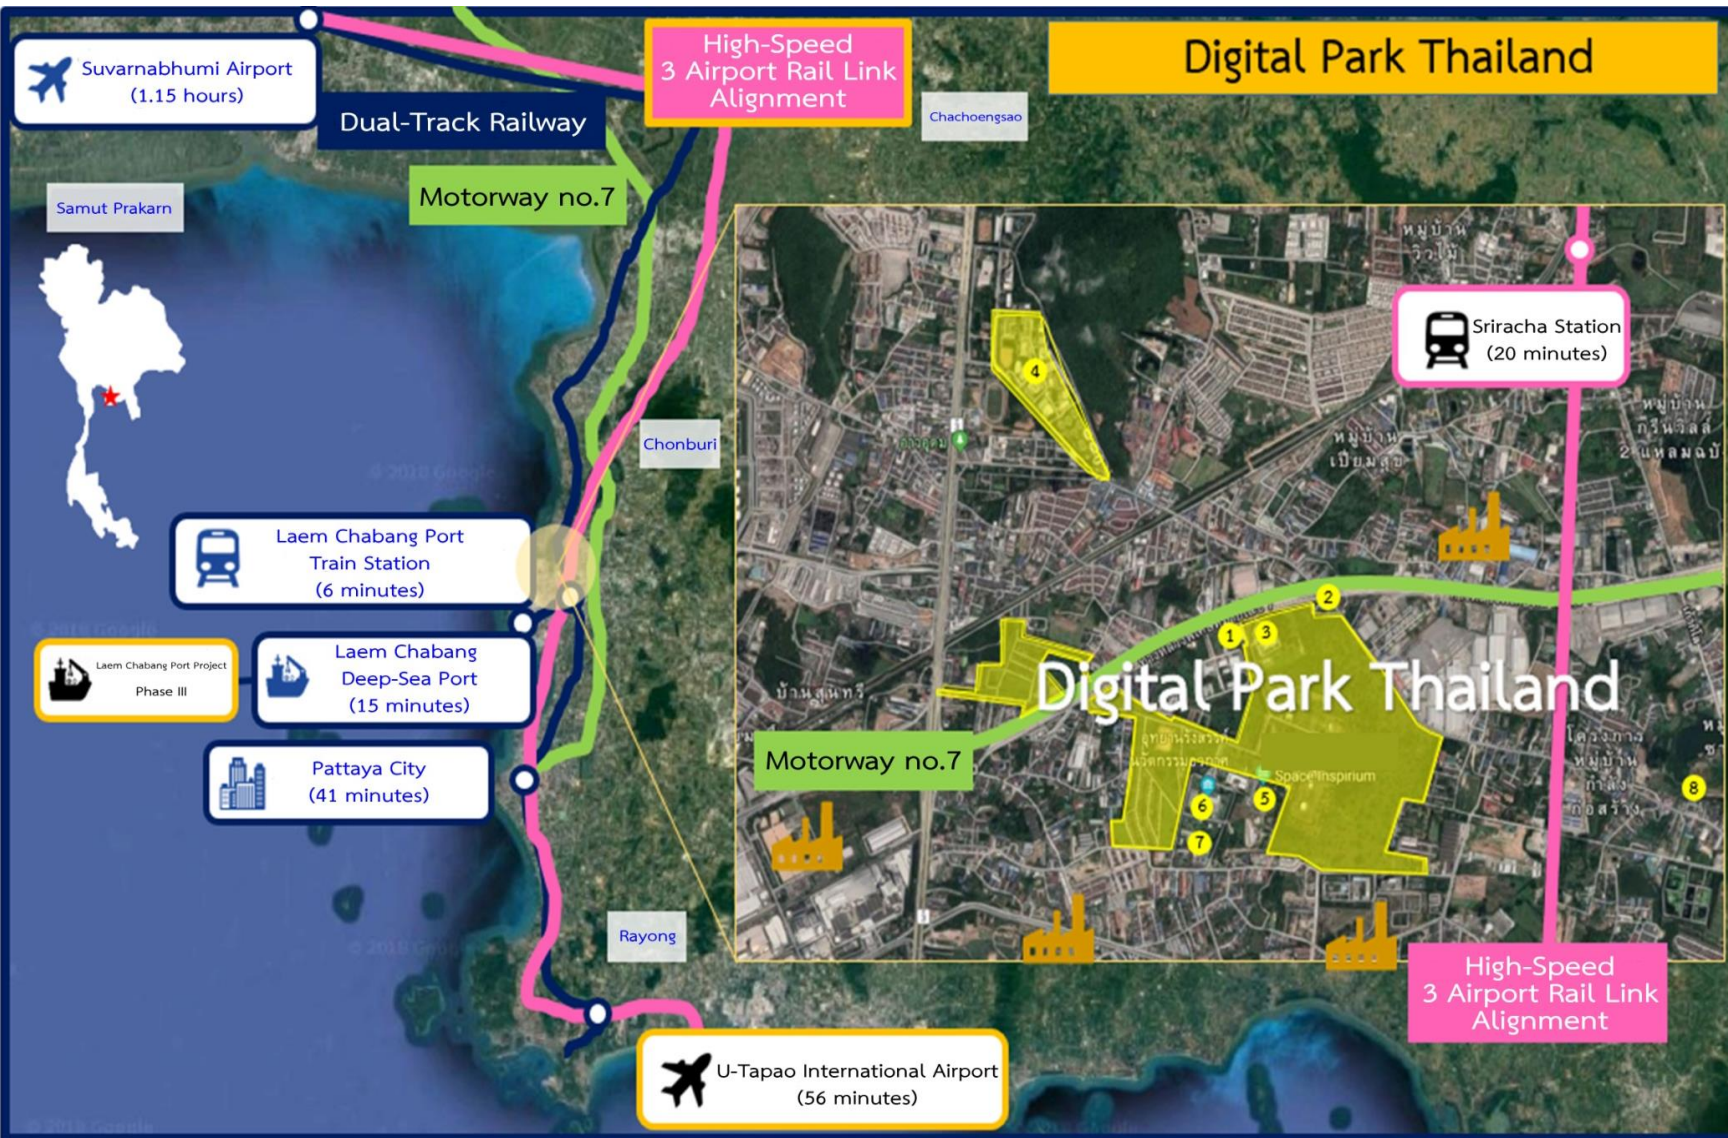

June 2020

Digital Park Thailand

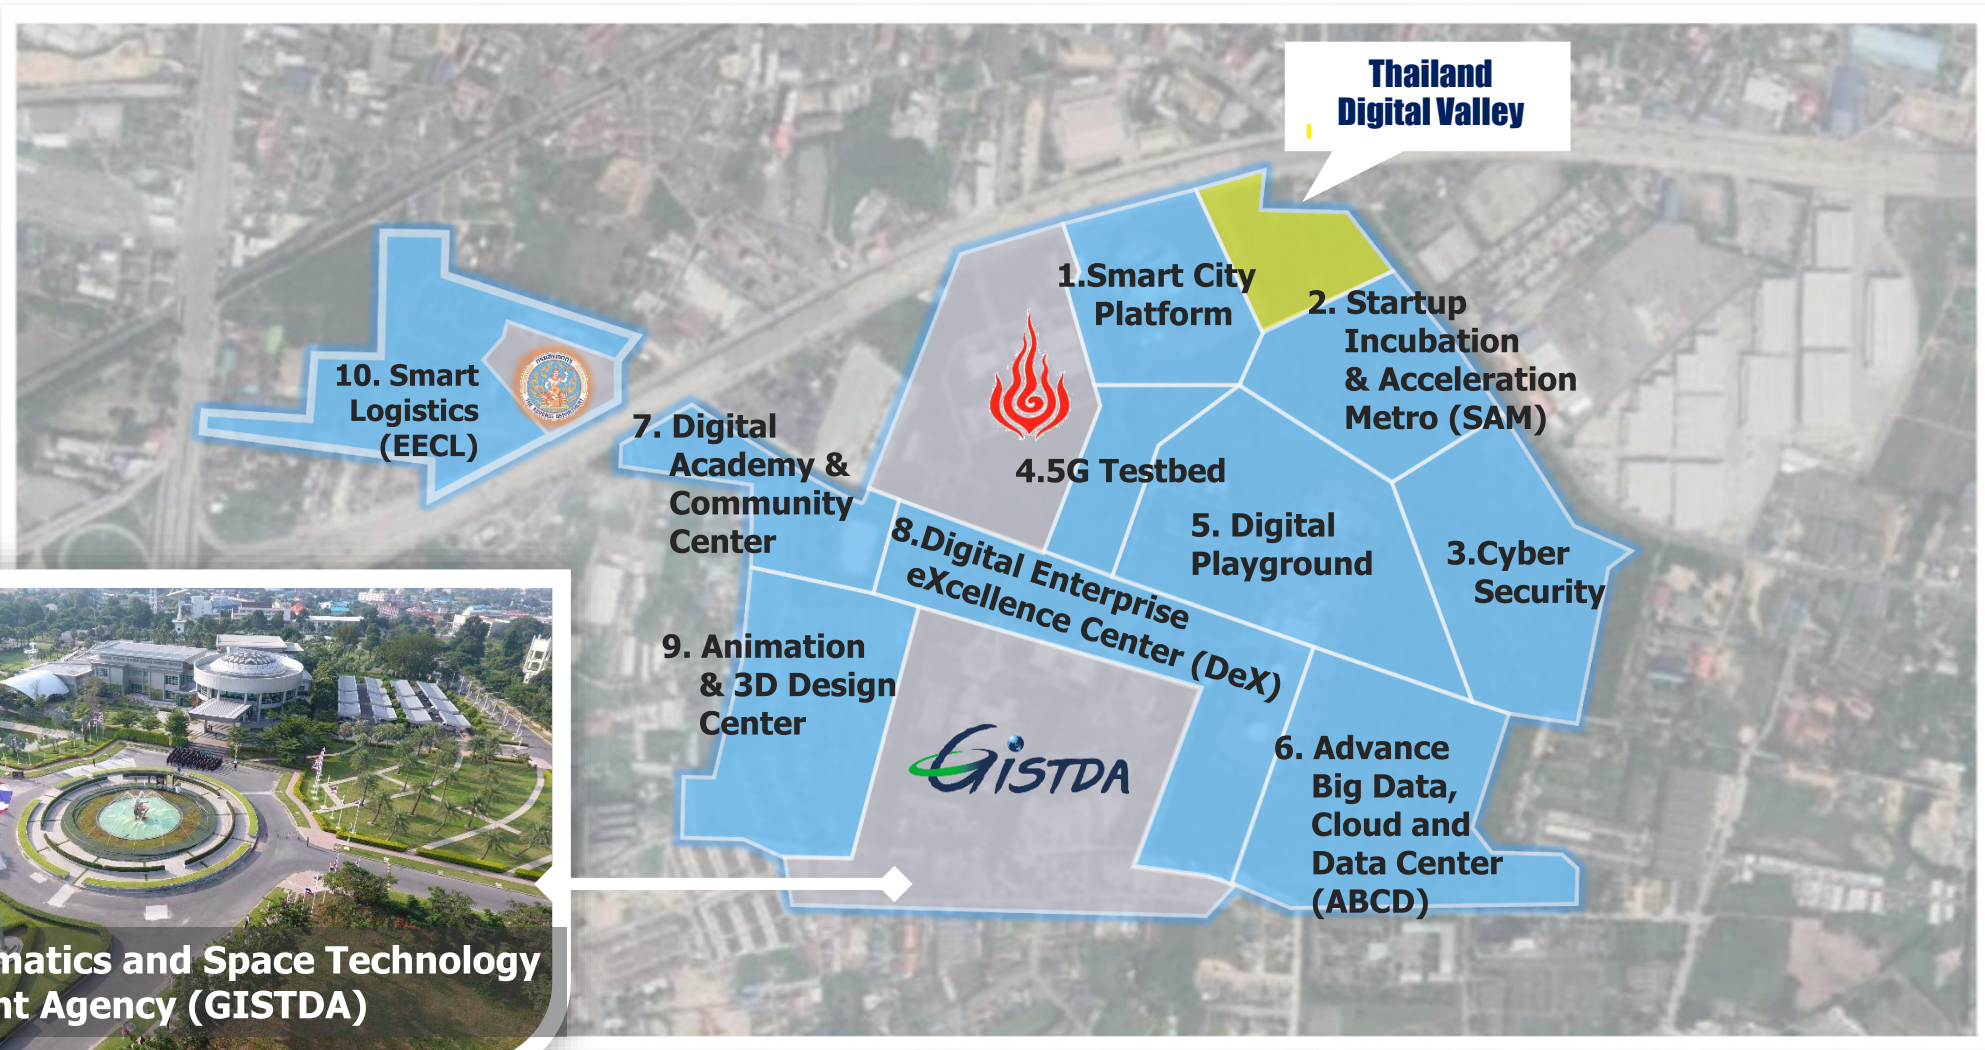

Thailand Digital Park : Location

EECd is located in Sriracha, a prime and center of EEC area, which surrounded by important industrial estates and many supportive infrastructure projects allow commuting to the project area can be made easily.

- Submarine Cable Landing Station
- Satellite Station
- Motorway Project
- Dual-Track Railway Project
- High-Speed 3 Airport Rail Link
- 2 Major Deep Sea Port
- U-Tapao airport

Digital Valley in EEC

Digital Startups and Co-working center (First building)

4,500 sq.m.

Digital Innovation and Co-Creation Center (Second building)

40,000 sq.m.

Digital Edutainment Complex (Third building)

20,000 sq.m.

Digital Global Connect (Fourth building)

20,000 sq.m.

- Digital Valley comprises of 4 buildings. The first building **is scheduled to be completed about 2 years from now** and the remaining 3 buildings will be opened for joint venture by the private sectors.
- **Currently, Digital Valley is in Phase 1 of construction.**
- Approximately 60% of the area will be designated for 5G lab, cloud innovation lab, AI design lab, and data analytics center.

Potential Tenants

1. Smart City Platform

2. Startup Incubation & Acceleration Metro (SAM)

3. Cyber Security

4. 5G Application

5. Digital Playground

6. Advance Big Data, Cloud and Data Center (ABCD)

7. Digital Academy & Community Center

8. Digital Enterprise eXcellence Center (DeX)

9. Animation & 3D Design Center

9. Smart Logistics (EECL)

Thank you
